**Subject:** Meeting with Bob & Jim to discuss tissue monitoring

Hi Jen

We'd like to check with Bob & Jim about getting together for a short meeting or call next week to discuss fish tissue sampling. We had a short discussion about this topic after the LWG roll-out meeting. Ideally, the discussion would occur in advance of the Project Managers call on Thursday afternoon. I anticipate Karl Gustavson and I, and possibly Kristine, would be involved for EPA. We're available Monday afternoon, Thursday morning @ 9am, or Wednesday after 4pm.

Please let us me know if any of those options would work, or if you have any questions.

thanks  
Chip Humphrey
